---

## ABOUT ME

Detail-oriented BSIT graduate and frontend web developer with hands-on experience in Angular-based applications, UI design, and responsive web systems. Demonstrated ability to work efficiently in fast-paced environments, collaborate across teams, and translate requirements into clean, user-focused interfaces. Brings additional strengths in communication, content strategy, and customer coordination from administrative and content creation experience, supported by a solid foundation in modern web technologies and problem-solving.

---

## WORK EXPERIENCE

- **Web Developer – Frontend (Internship / OJT)**

Dec 2025 – April 2026

**Wyntap IT Solution Incorporation**

Developed and maintained frontend features using Angular and Ionic, and designed responsive user interfaces with Tailwind CSS. Contributed to a Point of Sale system (VEENPOS) with a focus on usability and layout consistency, while collaborating with backend and QA teams to test, debug, and optimize application performance.

- **Office Administrator & Customer Service Representative**

Sept 2024 – Jan 2025

**Electro Power Link**

Oversaw email management, handled service bookings and technician scheduling, responded to customer inquiries via phone and email, maintained accurate order and service records, and coordinated with suppliers, service teams, and customers to ensure smooth daily operations.

- **Content Creator**

June 2023 – Oct 2024

**Le'Ray Aesthetic and Wellness Center**

Created and optimized digital content for social media by maintaining brand consistency, monitoring trends, and implementing content strategies that supported audience engagement and online presence growth.
